

Saddle Trial

Tel: 603.876.3707 ♦ Fax: 603.719.2862 ♦ www.advancedsaddlefit.com

As a group of professional saddle fitters, we are committed to maintaining the highest standards of skill and knowledge of our craft. We adhere to the recommended practices of the UK's Society of Master Saddlers, and the ASF group benefits by ongoing training from the world's top professional saddle fitters, saddle designers, and saddlemakers. We work closely with all of our saddlemakers in the UK to ensure the most satisfactory fit for both horse and rider.

Our work is informed by the belief that every horse is worthy of our gratitude for the richness they bring to our lives. *The least we can do for them in return is ride in a saddle that fits.*

Saddle Trial

Used saddles that have not been custom-fit and balanced for a specific horse are available on trial for five calendar days from receipt of the saddle. A credit card authorization in the amount of the purchase price of the saddle is required prior to delivery of the trial saddle. Shipping, \$30, will be charged. Return shipping and insurance are the customer's responsibility.

If you would like to purchase the saddle at any time during the five-day trial, please contact Advanced Saddle Fit, and we will then charge your card .

If you choose not to purchase the saddle, please inform Advanced Saddle Fit within five calendar days after receipt of the saddle.

Saddles must be returned in the same condition in which they were received. If their condition has changed, we reserve the right to apply a minimum restocking fee of 20% of the purchase price of the saddle. The customer is fully responsible for damage to or theft of the saddle on trial.

We would appreciate if you would let us know during the trial period whether you wish to purchase the saddle. If we do not hear from you by the end of the trial period, we will consider the saddle sold, and we will charge your card.

Saddle Return

To return a saddle to Advanced Saddle Fit, please use a box that is approximately 16w x 16d x 26h. Use crumpled newsprint or newspaper to cushion the saddle within the box. Be sure to provide a good layer at the bottom and top. ***Do not use Styrofoam products.*** Bubble wrap is fine, though we prefer the newsprint.

We prefer that you ship via UPS or FedEx using the same level of service used to ship the saddle, usually via Ground, and provide the tracking number to Advanced Saddle Fit.

If you have any questions during your trial, do not hesitate to call.
